

Easy to Install - Durable - Effective
Vehicle Exhaust Removal Systems

We're the original leaders in exhaust removal systems!

Our Products Include

- Telescoping Overhead Systems
- Underfloor Systems
- Underfloor Flanges & Covers
- Pull-Up Overhead Systems for Diesel & Autos
- Through-the-Door Systems for Autos

Garage Products is proud to be a
Recipient of the 2000 Pentastar
Supplier of the Year

Product Catalog and Informational Brochure

Telescoping Overhead Removal System

Our exclusive telescoping overhead exhaust removal system stays up and out of the way until needed. Quick to use. Easy to put away.

This system includes an air duct saddle, a self-storing telescoping hose assembly, a vinyl coated stirrup that holds the assembly in place when not in use, and a stainless steel tailpipe adapter.

- Eliminates reels, winches, and pulleys.
- Simple Installation!
- All metal parts are made of stainless steel.
- Exclusive design sold only through Garage Products Incorporated.

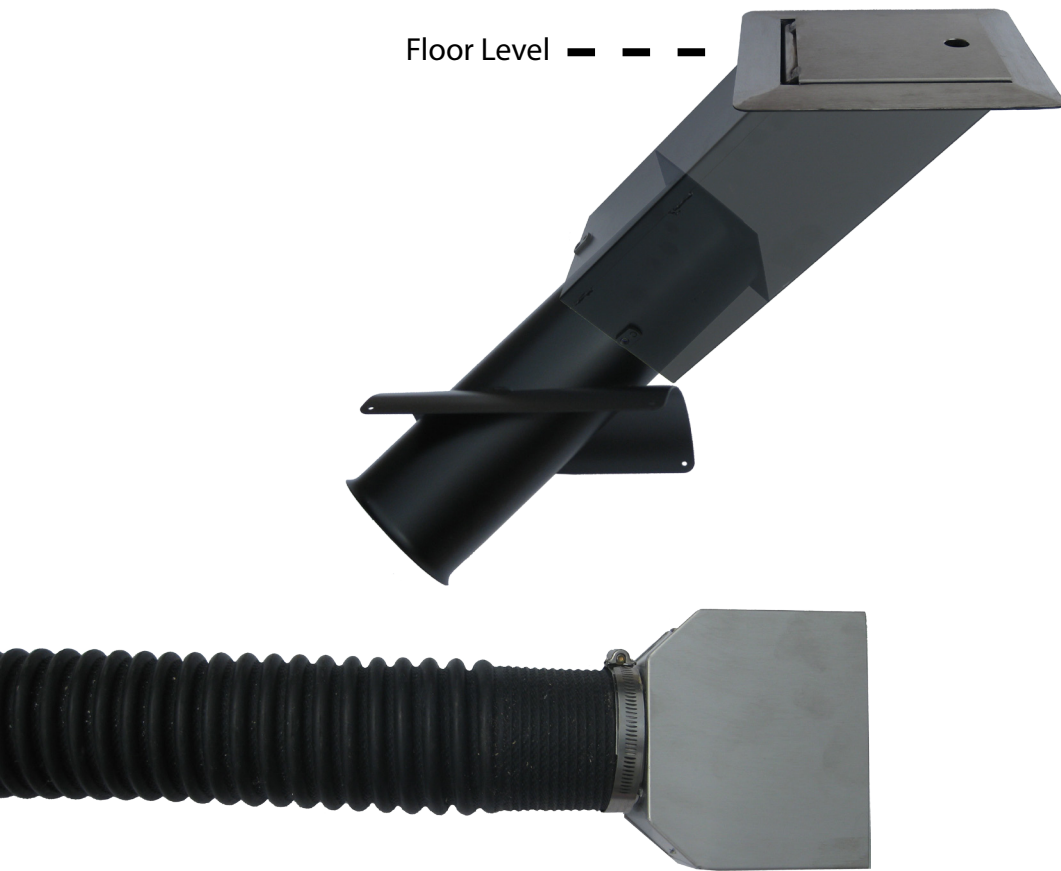

Underfloor Removal Systems

All underfloor exhaust systems include a patented floor fixture, which features an unbreakable, spring-loaded cover and is adjustable to 4" in height, and air duct saddle, and a hose with a tailpipe adapter and an insertion guide.

- This patented floor fixture is extremely durable. It will not break under pressure.
- Cover closes automatically. It cannot be left open! This means you work in safety.
- We will customize the system for your service department, Just call and give us the details.

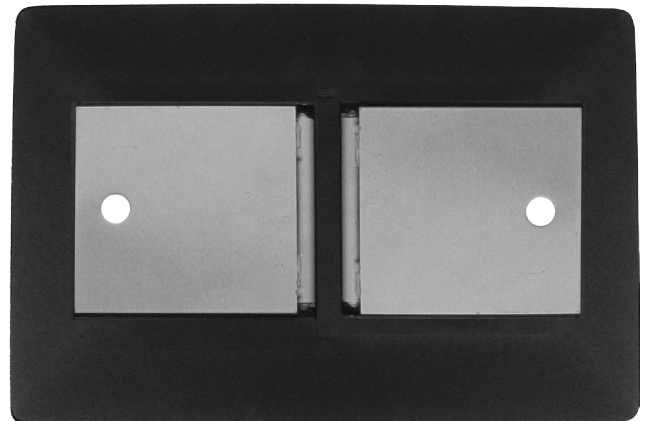

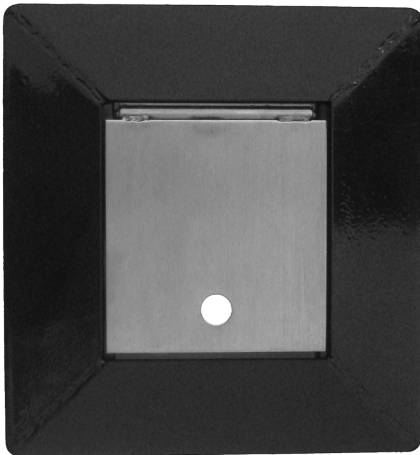

Replacement Floor Flanges & Covers

The replacement floor flange kits for underground exhaust systems feature a flange and patented spring-loaded exhaust fixture cover.

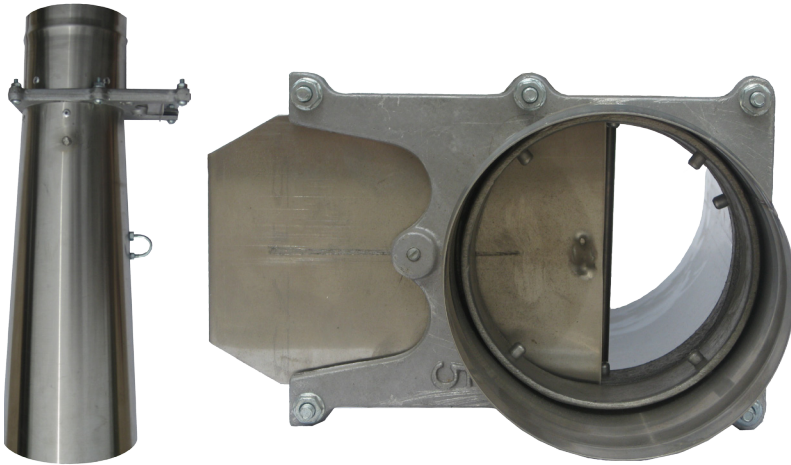

- Simple Installation.
- Replaces any damaged or broken fixture.
- Cover closes automatically. You do not have to attend to details, yet your floors remain safe and free from holes.
- Single or dual entry.
- Low cost ... durable ... long lasting!

Auto and Diesel Pull Up Removal System

The system includes an air duct saddle that attaches to the air duct, a 5" or 6" diameter stack adapter with air gate, a reel assembly with 1/4" x 40' nylon rope and wrap-rope braking mechanism, two pulleys, and an anchor snap. The adapter grip pole is optional.

Diesel Stack - top view with air gate opened half way

- Simple installation.
- Less Clutter. Keep your exhaust tubing up and out of the way.
- Air gate can be shut to eliminate heat loss from your building.
- Optional reel assembly easily secures the hose exactly where you want it.
- Optional wall winch with automatic brake for heavy-metal use.
- Optional adapter grip pole for easy positioning.

Through-the-Door Removal System

The system includes a tailpipe adapter, a 3" diameter crush-proof hose, and a 4" diameter galvanized steel tube with exhaust port.

- Designed for 10 foot wide overhead doors.
- Eliminates the need for fans in small commercial and private garages.
- Simple installation.
- Seals the exhaust port when the hose is retracted. It is rodent and draft proof!
- Stores on the door when not in use.

Product Overview / Parts List

QTY	Product	Model#	Included Part #	Optional Part #	Assy. Part #
Telescoping Overhead Removal System					
	Complete System	OHT-345			
1	5" x 15" Duct Saddle		SA-5x15		
1	5" x 6'2" hose w/ vinyl stirrup		HO-5"		
1	4" x 5' Neoprene hose		HO-4"		
1	3" x 5'6" Crush-Proof hose		CH-3"x5'6"R		
1	Rubber Oval Adapter		TA-F475		
1	Stirrup (5" Hose)		MI-Stirrup		
1	Hard Rubber Gasket		HRG-4"		
1	Rubber Connector for 3" hose		CO-SP30		
1	3" x 5'6" Silicone hose			HO-3"SIL	
1	3" Stainless Steel Tailpipe Adapter			TA-30AS	
	Dual Exhaust Hose Assembly			HO-3DY	
2	3" x 4' hose				3" I.D.
2	Rubber Oval Adapter 2 1/2"				TA-F300
1	"Y" Hose Fitting				RY30
3" Underfloor Removal System					
	Complete System	DUF-3R8			
1	Floor & Saddle Assembly		3FUA		
1	3" Duct Saddle				SA-3UA
1	3" Floor Fixture w/cover				FF-3FA
1	Hose/Adapter Assembly		#3R8		
1	3" x 8' Neoprene hose				3" I.D.
1	3" Stainless Steel Tailpipe Adapter				TA-30AS
1	Steel Guard for 3" hose				GU-3DG
1	3" Transition Adapter			TA-3MA	
1	6 3/4" Extension Piece for SA-3UA			3E1	
1	12 1/8" Extension Piece for SA-3UA			3E2	

Hoses										Replacement Floor Flanges				
	2" x 11'	2 1/2" x 11'	3" x 10'	4" x 10'	5" x 10'	6" x 10'	3" x 8'11"	4" x 8'11"	3" x Specify	4" x Specify	5" x Specify	6" x Specify	Single entry floor flange w/ cover	RF-5RFC
